Ming Ri Institute for Arts Education

<http://www.mingri.org.hk/>

"Ming Ri Institute for Arts Education" has been set up in 2002 after renaming from "Ming Ri Theatre Company". Having experienced different stage of attempt --- the amateur drama group "Anonymity Dramatic Club" in 1984 and Hong Kong's first professional children theatre company "Ming Ri Theatre Company" in 1996, the institute has been developed to a non-profit-making charitable organization emphasizing the importance of both arts and education in the 21st century.

We deeply believe that the art of drama is a key element to cultivate creativity, ability of problem solving, abstract thinking and the sense of cooperation. All these are the characteristics of a "all-rounded person".

Ming Ri Institute for Arts Education provides services about arts and education through her subordinate organizations which are: Kidstheater website, QTN website, VPS website, "Ming Ri Theatre", "Arts Education Centre", "Puppet School", "International Puppetry Arts Exchange Centre".
